

THE HOPES-LEB E-NEWSLETTER

September 2024 | Final issue

Dear friends and colleagues,

As we reach the conclusion of the HOPES-LEB project, we want to express our heartfelt and deepest gratitude to each one of you for your support and collaboration throughout these past years.

HOPES-LEB has been a journey of hope, resilience, and immense dedication. Together, we were able throughout the past four years, to provide 1,546 scholarships to Lebanese and refugee students, to fund 20 innovative short-term education projects, establish and manage a regional alumni network with 1,010 members and organise several stakeholder dialogues and events focusing on higher education in times of collapse. HOPES-LEB has created opportunities for numerous young individuals, opening doors to education that will undoubtedly transform their futures. And as we believe in the importance of providing access to higher education for the most vulnerable students, our organisations will keep striving to ensure that young people of all backgrounds have the opportunity to build a better future.

To our partners and supporters, your collaboration and commitment have been pivotal in the success of this project. Thank you for being a part of this extraordinary journey.

As always, we thank you for being part of our HOPES-LEB community!

Best wishes,
The HOPES-LEB Team

VOICES OF HOPES-LEB

THE STORY OF ROMY

HOPES-LEB A SOURCE OF HOPE

"HOPES-LEB provided constant support and encouragement, enhancing communication between students through the alumni network, providing important and different trainings, as well as holding meetings, listening to our problems, giving valuable advice, and motivating students to continue and persevere." – Abdallah

"HOPES-LEB was one of the reasons I was able to withstand all the challenges and continue my major. It has helped me both financially which was a big burden

"HOPES-LEB supported the alignment of the academic sector with the private sector and labour market requirements. As we were operating in a very challenging and unstable environment, I saw the importance of flexibility and responsiveness when dealing with implementing partners. My proudest achievement is participating in the graduation ceremonies of the different projects and seeing the positive impact of our work on the students and beneficiaries." – Nadine

"Thanks to HOPES-LEB, I could afford tuition fees, daily expenses and print materials. Most importantly, this scholarship provided me with the needed motivation to push further in my education. I am proud of my outcomes, my learning skills that improved, the knowledge I acquired from this programme and proud of achieving my ambition." – Georges

"On top of the financial assistance, HOPES-LEB provided moral support, encouraging us to continue the path we had started on, without going back and thinking about the crisis that is facing Lebanon and affecting directly university students." – Asmaa

The EU REGIONAL TRUST FUND IN RESPONSE TO THE SYRIAN CRISIS, THE EU MADAD FUND

The EU Madad Fund was established in 2014 to allow for a coordinated response to the Syrian crisis and to provide Syrian refugees and host communities in the countries neighbouring Syria with the needed support by mobilising 2.38 billion Euro for projects in the spheres of education, livelihood, health, protection and water management. The EUTF Syria - Madad officially ended in December 2021, with projects running until June 2025. However, the EU response to the Syrian crisis is set to continue through the transition to the "Neighbourhood, Development and International Cooperation Instrument" (NDICI).
